## THE SCHOOL OF POLITICS.

This is an era of people's organizations. All other interests are organized. The politicians are organized in parties to make money out of politics. If the people get any good results out of the recent election or out of the next legislature they will have to be organized.

The JOURNAL presents in the School of Politics a practical method of organization without displacement of party lines.

"The School of Politics," or the American primary system, is an exposure of the present corrupt system of party government. Until the people organize on a non-partisan basis, as vigilance committees, there will be no change.

As Col. J. C. Cooper, founder of the Bimetallite Union party of Yamhill county says, cut the throat of the man who fails to keep his pledges in the legislature. But that is too late. The people should be organized so as to keep tabs on the man before he gets out of office so as not to have to hang him. It is then too late to do any good.

Read the School of Politics advertised elsewhere and see if you are not convinced something should be done to educate the people and put our politics on a basis of unselfish, patriotic intelligence. The little book (published by Chas. H. Kerr & Co., 56 Fifth Ave., Chicago, Ill., price 25 cents,) shows up the infamous wrongs of the present system. THE JOURNAL proposes to devote its columns daily and weekly to the building up of a remedial organization.

Five hundred copies of THE JOURNAL with a full review of the new system of independent political organization are sent out at our own expense this week to start the organization of schools of citizens in this state who shall take a practical interest in our state government. If the people form these schools and meet and study self-government the result will be good in many ways.

THE JOURNAL will supply any public documents, or information or statistics desired for discussions at these schools of citizens when organized. They should not be secret, but public and membership opened to men and women of all parties. Let us see what neighborhood can organize first. Give it the neighborhood name. The neighborhood is the strongest tie that binds people together. It is the tie that is stronger than church or party. It is the neighborhood school of politics that our country must rely upon. We have come to the point where we must begin to reform our government close at home. All reforms at long range are failures. No party or official can govern for the people. They must govern for themselves or this will cease to be a people's government. Let us see what neighborhood is moved first to take up the cause of self-government by the people and organize the first school. The first to report to THE JOURNAL will be presented with a library of ten good new books of public and literary characters, by well known writers, as a nucleus of a political school library. Who will be the first to begin?

## \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Pioneers Excursion. On June 14 and 15 the O. C. & E. R. R. Co., will place on sale for parties wishing to attend the pioneers excursion at Portland round trip tickets from Albany and Corvallis at rate of \$1 each, tickets good to return until June 18, inclusive.

## OLD BEAN.

Ed. JOURNAL:—At the solicitation of a number of the old boys of the G. A. R. I herewith present a copy of an article I wrote a year since. The occasion which gave rise to the thought, was hearing a youngster not dry behind the ears, speak of the old soldiers as "old stiffs." Being an "old stiff" myself I could do less than take exception to his remark and at the same time blame his parents for their neglect of his education in the principles of Americanism.

JAMES DOUGLAS GORDON, Salem, May 30, 1896.

Didst think, "Old Bean" when you marched away In the stirring days of sixty-one, That if you ever lived to be old and gray, And sickness had sapped your strength away; Didst think that then some son-of-a-gun With cheek of brass and a heart of a lion Would speak of "stiffs" and call you one, Did such a thought occur to you then? Didst think when hell-din of battle broke And bursting shells tore through the air, Midst bayonet thrust and saber cut, That you would ever be the butt Of ridicule for those whose share In deeds that grace the lives of men Is not recorded anywhere— Did such a thought occur to you then?

Didst ever have in mind "Old Bean" On weary march or picket post, When time might come when you'd be seen By a cowardly cuss so conspicuously mean And to sense of right and decency lost, That he'd scoff at your ill to his fellow-men And snivel and snarl at the pensioner's cost,— Didst ever dream of such things then?

Do you remember the grand review "Old Bean," When the "silent man" looked down from the stand, And a smile on his war-weary face was seen, Speaking the thanks in his heart, I ween, To the boys who had saved the land,— HE found no "stiffs" 'mong those hardy men, Not one in that grand command!

They were the Union saviors then, And its honored and chosen band; And his judgment was right, my dear "Old Bean," No matter what scoffers may say, "Stiffs" we may be but the world has seen That our stiffness won the day.

\*Among members of the G. A. R. a not infrequent form of salutation is, "How are you, Old Bean?"

## A BASE SLANDER.

Is What the Eugene Boys Call the "Sonnenman Incident."

Eugene Guard, June 10th: The following is taken from yesterday's Salem JOURNAL:

"It occurred in the judge's stand Saturday afternoon during the mile walk. Two members of the Eugene sporting fraternity were very much interested in the walk and in their excitement did not perceive a Salem gentleman standing a few feet distant. The following conversation took place between the Eugene men: 'Watch that man Sonnenman walk. He will win if he can only hold out,' said one of the men. 'Well but he won't hold out,' responded the other. 'We have the referee bought off if Sonnenman should keep the lead,' continued the first speaker, 'and should Byars take the lead he will also be ruled off by the referee.' Their prophecy seems to have proven true to the letter. The State university appears to be a model political training school. The points recorded in favor of Willamette university however were fairly made and our athletics are to be respected and honored for not stooping to such disgraceful proceedings in order to obtain a silver cup.

The above is a lie, and has been trumped up by the JOURNAL or its alleged "gentleman," or by members of the Willamette University team for the purpose of gaining if possible a few points and at the same time injuring the University of Oregon men. Salem went into the contest with all confidence that they would win the cup and so utterly overcome have they been by defeat that it seems they will not hesitate now to stoop to anything to gain a point in their favor. The above charge does not contain one iota of truth and is a base slander on the U. of O. boys as well as on the referee, who is spoken of by men well up in amateur athletics as a man of fair and just judgment. Salem men made the charge on the grounds Saturday that the referee had been bought off and it is likely that the above story has grown from those remarks. The charge reflects very seriously upon the referee and he should vindicate himself and the U. of O. boys by making a public

denial. The latter do not stoop to such dirty work as that given birth to by the JOURNAL.

## A HORRIBLE CRIME.

Eight Hobos Who Need the Severe Penalty the Law Can Give Them.

Yesterday evening a most disgusting and outrageous crime was perpetrated upon the person of a young boy in a hobo's camp in the river bottom a short distance beyond the Eugene bridge. The crime committed was that of sodomy and the beasts who did it compelled the helpless boy to accede to their demands by using force. He was badly bruised and beaten by the fiends in human flesh, who were in a drunken condition at the time the act was committed.

A lot of hobos have been lounging around in that vicinity for two or three days. Among the crowd was a boy who was working his way south. Yesterday these outcasts from society and the respect of their fellow men procured enough whiskey with which to place themselves in an intoxicated condition.

□ Marshal Day, Policeman Pratt and Sheriff Johnson last evening invaded the camp and arrested eight of the men.

The town has been thrown into a fever of excitement over the horrorfulness of the crime and well may it be, for had a woman chanced to pass that way at that time, what might have happened to her at the hands of these drunken fools is too awful to be thought of.

Attempts to commit crimes similar to this one were made in this vicinity by hobos last spring.—Eugene Guard, June 10.

## Results Tell the Story

A vast mass of direct, unimpeachable testimony proves beyond any possibility of doubt that Hood's Sarsaparilla actually does perfectly and permanently cure diseases caused by impure blood. Its record of cures is unequalled and these cures have often been accomplished after all other preparations had failed.

Hood's Pills cure all liver ills, biliousness, jaundice, sick headache.
